

Circular Letter No. 113.

May 12, 1910.

To Supervising Principals:--

You will please send us at once the number of teachers in each group who are to take the examination in English required by law of Porto Rican teachers. This list should include all those holding certificates in your district, since new teachers cannot be approved for this next year who have not passed this examination.

Please send in also the list of those who wish to take the examination in Spanish offered by the Department, stating whether Elementary or Advanced.

Very truly yours,

EDWIN G. DEXTER
Commissioner of Education
